

NEWS FROM ARIN & GOOD GIRL

Term: Fall | Issue 6 | 10,2021

TEAM DEVELOPMENT

Meet our newest team member: Andrew!

Andrew is a graduate of Webb Street School where he got some great experience making dog treats. He learned discipline, respect, and work ethic, through the work program at Webb Street School. He has a good memory and pays great attention to details!

Andrew truly believes in the differently abled community. He looks forward to his work at Arin's Good Girl Dog Treats. When given the opportunity, he hopes that everyone can work at a job they enjoy and help others.

THE UNDERDOGS

Subaru highlights the Underdogs, not necessarily the first to be adopted, but these sweet dogs have so much to offer! Arin's Good Girl Dog Treats similarly finds the superpowers in any "underdog" by showing that individuals with different abilities have talents and innovative superpowers to offer. Let's work to showcase the hidden superpowers of our community by getting those underdogs adopted and celebrating October, National Disability Employment Awareness Month.

EVENTS THANK YOU!

This was an incredible month to get to meet so many of you guys, and we are overwhelmed by your love, support, and surprising enthusiasm as humans to try the treats. While we use all human grade, natural ingredients, we can't endorse you trying the treats, but we also can't stop you...

Here are a few highlights from the past month:

Community events

Well, we had some lucky winners this month! We had four winners of jars at different events this past month, and definitely some lucky pups as a result. Here are some happy pups whose owner, Amy, a student at N.C. State guessed the right number ~ **102 treats** ~ and won the jar to take to her pups.

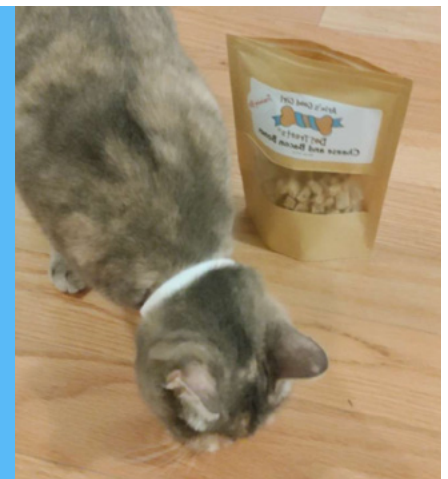

More happy
customers

Meow!

One owner even took a step further and bought Cheese and Bacon treats for her cat!
